## Fundraising with Wine

Since 2003 we have delivered our highly successful "Wine Drive" fundraising service to all sorts of not-for-profit individuals, teams or groups around Australia. Profit depends on wine sales: from \$200 for smaller groups, up to \$1,000, or even more for larger groups with larger sales. **No upfront payment required** (except for wines purchased for a Wine Tasting Event, see below).

**Wines:** We offer you a large range of quality wines. You can choose up to 6 wines from any section (or multiple sections) of the range. See the following 2 pages for our Fundraising Wines.

**Profit:** Wine prices include our suggested profit margin of \$40/dozen (approx. \$3.33/bottle). You can increase prices for a larger profit margin, or decrease prices for a larger volume of sales.

**Labels:** We provide a **free** fundraiser wine label design and printing service. We design a label for you: we can use your fundraiser logo, images (photos, drawings, cartoons, etc) and wording to create a customised label design. See more fundraiser labels on page 7.

**Vegan wines:** When wine is being made, it contains natural particles, making it hazy. "Finning" to make wine clear and bright is usually done with animal by-products (and traces may remain): powdered milk protein, egg white, or even fish bladder! **Finning of vegan wines is done with non-animal products.**
